CallHealth – a new approach to holistic healthcare

CallHealth, enables the customer to access all healthcare services and products from the comfort of home. CallHealth achieves this by using its proprietary technology platform that for the first time ever blends the virtual and the real worlds to deliver true customer delight.

Customers can consult a doctor, get diagnostic tests done, buy medicines, get nursing/ physiotherapy and avail other healthcare services at their home with just a click or a call.

In its endeavor to deliver quality healthcare products to the customer which they can buy at their preferred time and get delivery at the place of their choice, CallHealth has set up an online market place exclusively for healthcare products – www.CallHealthShop.com

Coming from the house of CallHealth, CallHealthShop inherits the same DNA - technological innovation & excellence, adherence to global standards, process orientation and a passion for customer satisfaction.

CallHealthShop offers a new online sales platform for leading healthcare retailers like you to significantly grow your business at no extra cost.

eCommerce Scenario for Healthcare Products

- Significant increase in life expectancy, increase in disposable income and greater health awareness among customers have led to a demand for quality healthcare products in India.
- Customers prefer shopping online across categories from banking to retail, travel to fashion, books to electronics, and food to groceries. Online shopping for healthcare products is next in line
- Shopping online offers convenience, variety and best deals to the customers
- It also saves them the hassles of visiting different stores
- Therefore, it is no surprise, that the Indian online healthcare product market is projected to grow rapidly at a CAGR of 46.0 % during 2016-2020.

From the house of CallHealth, www.callhealthshop.com is a dedicated ecommerce site, selling the complete range of Health & Wellness products online to both B2B & B2C customers

It provides a seamless platform to showcase and sell the latest, innovative products from top-notch merchants to emerge as a preferred online marketplace
